

Scholarship Program

Scholarships are awarded to students based on need, talent, and dedication. Scholarships are awarded as discounts on tuition prices. Chattanooga Dance Theatre will look at current students' attendance and effort in class to help determine scholarship award amounts. New students should write as much as possible about their dedication and desire to take class on the form below. Please fill out this form and turn in copies of the past year's tax return (1040) to the CDT office. Please note that it can take up to 30 days for the amount of scholarship award to be determined. Scholarship discounts are awarded per year (August- July). While a student can apply for a scholarship at any time mid-year, a new application must be completed at the beginning of each school year to determine scholarship award.
